*Fifty Years Late*

50 years ago I stopped playing music, got an education and family, which I took to Australia a couple of years.

Back home I lived a good life with family, good civilian jobs, my own company and retirement at 65.

But what if I had chosen a different path?

After all I had played a lot in the sixties in various bands and I wrote my own music.

Since I'm one of the few rock musicians who knows sheet music, I've kept all the songs.

These are some of the songs from back then.

*My Ca-Ca-Ca*  
Arne Lund/Jon Kjærran

The teacher told her to stand up, telling her name  
From that day on, her life was never the same  
I gotta say again  
Help my Ca-Ca-Ca

The boys just silly, were talking out of their head  
Gave her that name, so she cried every night in her bed  
I gotta say again  
Help my Ca-Ca-Ca

I was a fool, such a flaw  
Why didn't I do a little more?  
Her name was Caroline  
Shivers are running down my spine

I was a fool, such a flaw  
Why didn't I do a little more?  
Her name was Caroline  
She'll will always be on my mind

The teacher told her to stand up, telling her name  
Broken, she fought her way out of the shame  
I gotta say again  
Help my Ca-Ca-Ca  
I gotta say again  
Help my Ca-Ca-Ca

*If You Let Me*  
Arne Lund/Jon Kjærran

If you - let me - take your heart and be your guy  
Then I will - be so - happy, - if you just could clarify  
My anxious hopes and sighs  
Do you let me

Sitting - next to you - and I lay my hand right close  
And then I - wonder, - do you  
Do you take a move that shows  
What do you do and chose?  
Do you let me

I know - that I will be your love for evermore  
I know - that you can take me up to heavens door  
I know - that you cannot ignore

If you let me

If You - let me - expectations start to rise  
And then I - touch you- really - am I now the lucky guy?  
Let me see it in your eyes  
If you let me  
Let me see it in your eyes  
If you let me

*I'm Gonna Walk Right Away*  
Arne Lund/Jon Kjærran

I'm gonna walk right away  
because I saw you today  
with another man, now I understand

I was a fool, I couldn't see you were cruel  
It is over now, you can stop the show

I feel so much better  
Right now I'll write you a letter, no, I'll phone

I'm gonna tell you right now  
and I know exactly how  
how it's gonna be now that I am free

Tell me right now  
you gotta tell me right now  
how it's gonna be, you'll be missing me

One day you will come back  
Some day you will come back,

And then I'll say

I'm gonna walk right away  
because I saw you today  
with another man, now I understand

One day you will come back  
Some day you will come back

When I see her I feel blue  
When I meet her, I don't know what to do  
Once she smiled and loved me, too  
But now

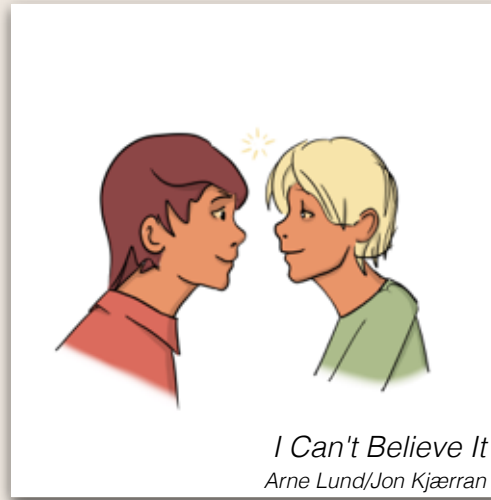

She doesn't even see me  
No  
She doesn't even see me  
I cry  
'Cause I love her so  
Oh no!

Here am I, just talking to the wall  
Left alone and don't know what to call  
Once she smiled and loved me, too  
But now

She doesn't even see me  
No  
She doesn't even see me  
I cry  
'Cause I love her so  
Oh no!

*All vocals, harmonica, mandolin and acoustic guitar: Arne Lund*

I don't know how I could fall in love  
Look at me, I need her and cannot go  
I can't believe it  
I can't believe it

Look at me, I just have found my girl  
Can't you see that she is all my world  
I can't believe it  
I can't believe it

I would never try to go away  
If she would only let me stay by her  
No  
I would never try to go away  
If she would only let me stay by her

Look at me, I just have found my girl  
Can't you see that she is all my world  
I can't believe it  
I can't believe it

I can't believe it

Long sad and lonely  
Want you by my side  
I can't believe  
You would Leave me  
I can't believe  
You would leave me

Long sad and lonely  
Got an empty heart  
I can't believe  
You would Leave me  
I can't believe  
You would leave me

I am dreaming  
I just start screaming

I am crying  
our love is dying

Long sad and lonely  
Want you by my side  
I can't believe  
You would leave me  
I can't believe  
You would leave me

Don't you know that some people ain't good  
They will only break each other  
If they only would be like they should  
They would take some care - oh brother  
If they want to find some love  
One and another

Make a lot, lot, lot of love  
Make a lot, lot, lot of love

Lot of people makes a whole lot of pain  
I don't know, their heart may be bleeding  
Lot of people seems in whole lot of pain  
I don't know I just feel their pleading

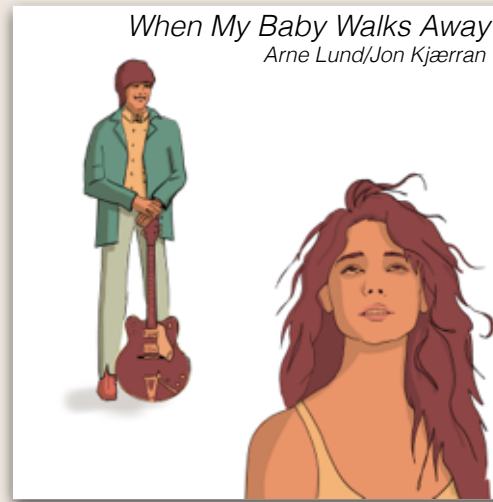

Let the birds in the sky be a sign  
Decorate your face - be smiling  
Fly away like the birds oh so fine  
You will see up friends are piling  
Then you're sure to find some love  
The art of sharing

Make a lot, lot, lot of love  
Make a lot, lot, lot of love

Lot of people makes a whole lot of pain  
I don't know, their heart may be bleeding  
Lot of people seems in whole lot of pain  
I don't know I just feel their pleading  
I feel their pleading

Hey, it's so good to know  
That you would never let me go  
All right all right all right  
All right all right all right

Hey, you always got me now  
And I would never let you go  
Okay Okay Okay  
Okay Okay Okay

I am just the kind of guy who use to cry  
When my baby walks away

Hey, it's so good to know  
That you would never let me go  
All right all right all right  
All right all right all right

I am just the kind of guy who use to cry  
When my baby walks away

I am just the kind of guy who use to cry  
When my baby walks away

She walks away

You'll never know how much I really love you  
You'll never know how much I really care

Listen - Do you want to know a secret?  
Do you promise not to tell? - Whoa, oh, oh  
Closer - Let me whisper in your ear  
Say the words you long to hear  
I'm in love with you - Ooh-ooh-ooh-ooh ooh

Listen - Do you want to know a secret?  
Do you promise not to tell? - Whoa, oh, oh  
Closer - Let me whisper in your ear  
Say the words you long to hear  
I'm in love with you - Ooh-ooh-ooh-ooh ooh

I've known a secret for a week or two  
Nobody knows, just we two

I've known a secret for a week or two  
Nobody knows, just we two

Listen - Do you want to know a secret?  
Do you promise not to tell? - Whoa, oh, oh  
Closer - Let me whisper in your ear  
Say the words you long to hear  
I'm in love with you - Ooh-ooh-ooh-ooh ooh  
Ooh-ooh-ooh-ooh ooh  
Ooh-ooh-ooh-ooh ooh

Maybe you will knock me out  
But now I'm so in love  
You and I could mess about  
But if you ever go  
Oh I wonder how it's gonna be

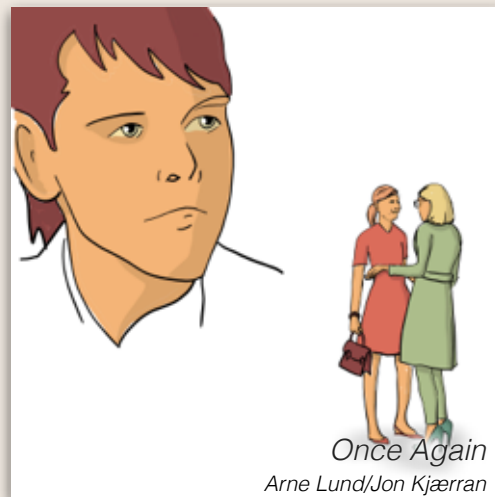

Please don't look at other men  
Because I'm so in love  
Say that we will meet again  
'Cause if you ever go  
Oh I wonder how it's gonna be

Ev'ry little bird must sing about your sweet brown eyes  
Ev'ry single day I dream to let our love arise

Maybe you will knock me out  
But now I'm so in love  
You and I could mess about  
But if you ever go  
Oh I wonder how it's gonna be  
Oh I wonder how it's gonna be  
Oh I Wonder, I wonder  
I wonder how it's gonna be  
Yeah, I wonder

I know that you should never try to leave me  
Be knocking me out and say goodbye  
I need you more than ever  
And I say we'll be one once again

I don't believe that you would ever leave me  
Be knocking me out and say goodbye  
Oh let us be together  
So I know we'll be one once again

I could get mad by all those rumours  
Oh yeah  
They say you will go  
Don't let me know

I could get mad by all the rumours  
Oh yeah  
Please let them be wrong  
Please, please hold on

I beg you, you should never try to leave me  
Just knock me out and say goodbye  
I need you more than ever  
And I say we'll be one once again  
And I say we'll be one once again  
And I say we'll be one once again  
And I say we'll be one once again

Lady weep on  
You can't get that crazy rocking man  
Follow after ev'ry little crazy rocking band  
I think you better - better stop

Talking about them  
with your girlfriend with a nasty smile  
meeting an idol you got dreams for a while  
I think you better - better stop

Over your boyfriends shoulders  
You try to catch their eyes  
It just sits there and smolders  
When backstage calls, you flies

Lady weep on  
You can't get that crazy rocking man  
Follow after ev'ry little crazy rocking band  
I think you better - better stop

Over your boyfriends shoulders  
You try to catch their eyes  
It just sits there and smolders  
When backstage calls, you flies

Follow after ev'ry little crazy rocking band  
I think you better - I think you better  
I think you better - better stop  
I think you better - better stop
